3 October 2016

Robert Gotham and Members of TERA:

Recently, our GPIA Land Use Liaison, Helene Schpak mentioned that TERA wants to take a look at Eagle Rock Boulevard and possible improvements that can be made to the major thoroughfare, as well as possible enhancements. This is a project that the Glassell Park Improvement Association strongly supports. Further, we'd like to partner with TERA, your members, and the Eagle Rock Community on this request and subsequent project.

There are so many opportunities for our Northeast LA neighborhoods to work together and support one another on issues, projects, and improvements and we at the GPIA believe in the power of building partnerships. Working together on improvements to Eagle Rock Blvd., would both strengthen our requests and provide an opportunity for our connected neighborhoods to be part of the process, vision, and goals for a master planned project.

We are very aware of TERA's good work for Eagle Rock and we hope to bring the same ethic, outreach, and dedication to this mutually beneficial partnership.

Best,

Molly Lynn Taylor
President
Glassell Park Improvement Association
